

"I can't believe the power this guy's putting out. Could he be my ticket to the 2013 TDF podium?"

"Nick – just quietly – are you busy in July?"

"I'm looking for someone to lead me out up the Alpe D Huez and Galibier"

"I'll say 'yes', but if he weakens – I'm not going to hang back for him". Might just show him what I can do...

I'll practise giving him "The Look" – then I'll strike.

OMG Cadel – he's out of sight already! Get out of the saddle and push!

This is humiliating – and the bloke on my right is no help – has he ever taken a turn in his life?

I understand you're Gelberini's agent. I want him on the team at any price.
